MARUTI SUZUKI INDIA LIMITED Plot No.1, Nelson Mandela Road, Vasant Kunj, New Delhi-110 070, India. MARUTI May of Life!

LUV is beautiful inside

If it doesn't keep you warm and make you smile, it isn't LUV. Open the door of the Ertiga and step into a world where elegance meets comfort, a space that is designed to optimise the convenience of the driver and passengers. A myriad of features that blend style and comfort come together to create an interior that suits the pioneer of a new car category. Step in and start discovering LUV!

Stylish meter cluster with LCD display

High-quality textured, premium upholstery

Sporty dashboard

A stylish dashboard, done up in contrasting brown & beige, fitted with user-friendly features.

In-built music system Advanced music system with volume control that adjusts

itself according to the speed of the car, in-line with the volume pre-set by the user, 4+2 speakers and an LCD screen.

Chrome door handles & silver trims For an added touch of class to the interiors.

2nd row AC with controls Separate air-conditioning in the rear-cabin, with three easy settings, ensures that even the 3rd row gets great cooling.

enhanced audio

eering with integrated audio

Everyone's in LUV The 5+2 Flexi-Seating

Designed to carry 7 people in a 3-row layout, the Ertiga ensures no one is left behind. The smart design of the Ertiga enables the creation of a cabin which offers comfort and space to every passenger. The first-of-its-kind vehicle, with a long wheelbase, high headroom and careful positioning of the seating, provides ample space in every row.

The versatility provided by different passenger and luggage combinations possible makes the Ertiga ideal for everything from a shopping spree at the mart to a family road trip.

FRONT SEATS

- 6-way adjustable, ergonomically designed driver's seat
- Tilt-steering
- Electronically adjustable ORVMs
- Ensured driving comfort and pleasure through city traffic as well as long distances

2ND ROW SEATS

- Centre armrest
- A slide back 2nd row for more comfort
- Reclining seatbacks
- Easily accessible cup-holders
- Convenient seatback pockets
- Inwardly curved seatbacks of the front row increase legroom for 2nd row
- 60:40 split enables versatility in passenger
 and luggage combinations

- Ample legroom
- Armrest
- Easy walk-in to 3rd row through fold-and-slide function of 2nd row seats
- Single-fold operation folds 3rd row seats fully flat to create a large luggage space

The LUV Triangle. Form, Function & Space create versatility

The Ertiga combines the compactness and manoeuvrability of a hatchback, the style and comfort of a sedan with the space and stature of an SUV. The interiors of the category creator are not just designed for style but to provide the ultimate in versatility with passenger and luggage combinations.

3rd row seats folded fully flat: 5 people + luggage space Folding the 3rd row flat creates a large luggage space, while still accommodating 5 adults in comfort.

Walk-in mechanism The 2nd row seatback folds down and the seat slides forward to provide an easy walk-in to the 3rd row.

All seats upright: 7 people + luggage space With all seats upright, 7 people can ride in spacious comfort, with enough room for shopping and other gear in the luggage box.

2 x 2nd row seats + 3rd row seats folded fully flat: **3/4 people + luggage space** Folding the 3rd row seats flat and either of the 60:40 split 2nd row seats expands carrying capacity even further, while still easily accommodating 3-4 adults

Versatile carrying capacity

K14 VVT Petrol Engine: Light, compact and efficient

The advanced new VVT(Variable Valve Timing technology) engine is a light and fuel-efficient 1.4-litre petrol powered engine. It incorporates VVT which optimises intake-valve timing, to refine power delivery and boost fuel efficiency. This is further enhanced by paying special attention to reducing friction in engine components, for smoother running and reduced engine noise.

D13A DDiS Super turbo diesel engine: Superb performance

The DDiS is a 1.3-litre diesel engine that generates high power and excellent torque. The combination of common rail fuel injection with an inter-cooled turbocharger generates high dynamic torque for excellent acceleration and all-round performance, together with outstanding fuel efficiency, making it one of the most trusted diesel engines in the world.

Best in class mileage*

*Test results of rule 115 of CMVR

Better manoeuvrability for enhanced performance

- 5.2 meters compact turning radius
- 15-inch wheels for superior stability
- Tilt steering for driving comfort
- Rear wiper for enhanced visibility
- Higher seating enables better all-around visibility
- High ground clearance for better all-terrain driving

LUV is an endless once you are on the go in the Ertiga, the responsiveness of the engine will ensure

the responsiveness of the engine will ensure that you never want the journey to end. At the heart of the exciting driving performance of the category forerunner are two meticulously refined engines that deliver lively power with outstanding fuel efficiency and reduced emissions.

ERTIGA ZXI

ERTIGA

MARUTI

ABS

LUV shields LUV protects

Because peace of mind underpins driving enjoyment, the Ertiga comes integrated with a wide range of features that ensure the safety of all occupants.

SRS Airbags

The the a

To help protect the driver and front passenger in an emergency, the Ertiga is equipped with Supplementa Restraint System (SRS) dual front sea airbags that help cushion the impact and reduce the chances of injury.

Optimised strength and weight

ERTIGA

The use of higher tensile steel for strategic sections of the body structure and carefully positioned reinforcements provides excellent rigidity and strength, and helps reduce overall body weight without compromising on safety.

3-point ELR seatbelts

For occupant protection, 6 of the seats are equipped with 3-point ELR seatbelts, and the centre seat in the 2nd row is fitted with a 2-point lap belt. In addition, the seatbelts on the front seats are fitted with pretensioners and force limiters.

ABS with EBD for controlled braking

ABS (Antilock Brake System) prevents the wheels from locking up during sudden braking, and EBD (Electronic Brake force Distribution) uses the ABS to optimise distribution of braking force to the front/rear and left/right wheels in response to vehicle load and driving conditions, to optimise braking performance.
