New Renault KWID CLIMBER

Live for more style

Energising, inside out

The new Renault KWID CLIMBER is as striking inside as it is on the outside. The car's interiors are specially designed to complement the stylish exterior. The piano black centre fascia with orange contours seamlessly blends with the upholstery marked by the CLIMBER insignia. The vibrant orange accents continue on the door trims, side air vents and two-tone gear knob as well. The sporty steering wheel comes with unique orange perforations. The premium contoured seats with integrated headrests add to the car's uncompromised comfort.

Style goes electric

Get set to steal the limelight. The new Renault KWID CLIMBER brings you a head-turning combination of style and excitement with an electric blue body and vibrant orange highlights. Its robust appeal is enhanced with the CLIMBER insignia and protection claddings on the doors, two-tone ORVMs and rugged bumper overriders. Furthermore, muscular style wheels and arching roof rails with orange highlights make it look even sportier. The orange accents are carried forward in the front & rear terrain protectors and side repeaters.
