**DESIGNED SO  
THOUGHTFULLY,  
YOU WILL SURELY  
FEEL THE LOVE.**

The Vento is everything that engineering can do, and more. It feels like it wasn't born of the assembly line; but out of the unconditional giving that comes when someone pours their heart into it.

Little wonder that it comes with a new-look exterior, Cruise Control, an air-conditioned glove box, electrically foldable mirrors and many more thoughtful features. So come, drive the Vento and get ready to feel the love.

## STYLING

### LOVE ISN'T BLIND. IT HAS QUITE AN EYE FOR DETAIL.

One look at the Vento and you'll know that it's been obsessed over, till a few cheeks turned pink. The front has been adorned with a bold new bumper and a chrome-finished grille<sup>1</sup>. And the hood too has sharper lines that nicely complement the headlamps<sup>2</sup>. Even the air-intake and fog lights<sup>3</sup> with static cornering lights, look a whole lot sleeker. And to top it off, it's got new electrically-foldable side mirrors that come with sleek new turn indicators<sup>4</sup>.

The rear too, features an all new bumper and 3D tail lamps<sup>1</sup>. And there's more chrome<sup>2</sup>, as well. The door handles are covered in chrome<sup>2</sup>, and so is the exhaust and the strip over it<sup>3</sup>. And with its slick rear reflectors and bold alloy wheels<sup>4</sup>, it's no wonder this car looks just as good as it feels.

## DASHBOARD

### ALWAYS BY YOUR SIDE.

With the dashboard, everything you could ever need is just a button away. A state-of-the-art touchscreen entertainment system, driving controls, advanced Multi-function Display, you name it. And then there's also the sporty flat-bottom steering wheel that's sure to set your pulse racing. There's even a new ^MirrorLink™ feature that connects your smartphone to the car's display screen, keeping you connected with everything that's important to you on the outside. Couple that with Cruise Control, and you've got every reason to daydream about taking this beauty for a spin.

Features and accessories shown may not be part of standard equipment.  
^Depends on mobile handset and application compatibility.

## INTERIOR

### REAL BEAUTY IS WHAT IS ON THE INSIDE.

If the interiors of the Vento make you feel like we just couldn't stop thinking about it, that's probably because we couldn't. Over time, we kept showering it with thoughtful features. The multi-function steering wheel<sup>1</sup> comes with \*Voice Command Controls, while Cruise Control<sup>2</sup> maintains a steady speed for those long drives on the highway.

Climatronic air-conditioning ensures a comfortable temperature inside the cabin, while the cooled glove box<sup>6</sup> ensures you a cool drink when you need one.

The inside comes equipped with a host of exciting features to up the comforts of your drive. Like connecting your smartphone to your car with the new \*MirrorLink™<sup>3</sup> feature, by which you can easily use your car's controls to access the phone. And the auto-dimming IRVM<sup>5</sup> that automatically reduces the glare coming from headlights of cars behind you.

As for your seats, they come luxuriously upholstered to include a height-adjustable lever on the driver's side and a foldable armrest for the ones in the back. The passengers behind have more comforts lined their way, by way of rear air-conditioning vents<sup>7</sup> and a convenient cup holder.

Settled behind the IRVM is the new Rain Sensor<sup>4</sup> that sets the wipers into motion at the slightest hint of rainfall.

We told you we've thought of everything, didn't we?

\*Requires mobile phone with built-in 'voice search' and 'voice recognition' features. <sup>6</sup>Depends on mobile handset and application compatibility, phonebook sync and SMS viewer via Bluetooth.

## SPACE

### NO MATTER WHAT YOU LOVE, IT LOVES IT TOO.

You'll especially love those long drives when you can carry everything you'd need with you. And the thoughtfully designed trunk lets you do just that. Not only does it offer you loads of space, it also comes with a low loading height, illumination and a soft-touch boot opener<sup>1</sup>, so that it's always easy to put your luggage in. The insides too are designed to hold the smaller things dear to you. Like a concealed mobile phone holder under the front armrest<sup>2</sup>, bottle holders on every door<sup>3</sup> and even a cup holder in the front<sup>4</sup>.

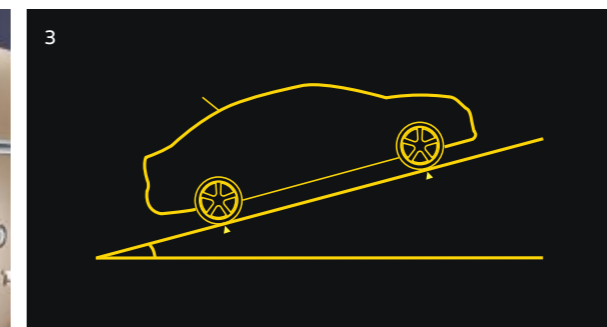

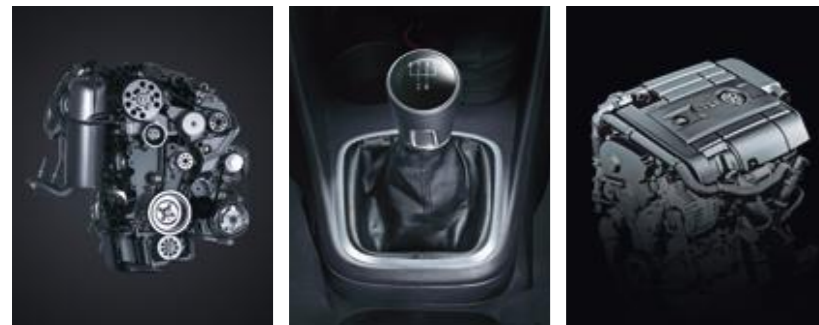

# ENGINE

## MATTERS OF THE HEART.

The heart of the Vento is a powerful 1.5L TDI engine, which gives you 110 PS of power and 250 Nm of torque. And what really makes it magical is a first-in-its-class 7-speed automatic Dual-shift Gearbox that lets the engine effortlessly switch gears.

Of course, you can also choose\* from a 1.2L TSI engine with the same 7-speed automatic DSG transmission. And with a fuel consumption of 18.19 kilometres/litre (TSI) and 22.15 kilometres/litre (TDI), you know that this car definitely won't break your heart.

\*Also available in a 1.6L petrol MPI engine.

# SAFETY

## WHAT'S LOVE WITHOUT SOME CARE AND CONCERN?

The Vento's Anti-lock Braking System (ABS)<sup>1</sup> and Electronic Stabilisation Programme (ESP)<sup>2</sup> always keep you in firm control on slippery roads or during heavy braking. And its Hill Hold function<sup>3</sup> keeps your car from rolling back on a slope.

The Vento also comes with Anti-pinch technology<sup>4</sup> that stops windows from closing, on sensing even the slightest obstacle in the way. And with dual front airbags<sup>5</sup> as standard and rear parking sensors<sup>6</sup> for the back, you've got a car that has you covered from every side.

What's more, the key of the Vento also has a standard electronic immobiliser anti-theft device. So that your heart would be the only thing that's stolen.
